

Why Librarians Love Databases

1 They're NOT free

- Curated
- Edited
- Reviewed

You get what you pay for. Plus: no ads, no junk, no random sources.

2 You pick the date

You decide which dates you want to find.

3 You pick the source

- Magazine
- Newspaper
- Encyclopedia
- Book
- Video
- Journal

You choose!

4 Citations are easy

Copy and paste!

5 Sharing is Easy

- Print
- Email
- Download
- Save to your cloud drive

6 You control the search

You're in charge, not the search engine.

7 Peace of mind...

When you take the time to find good, relevant information instead of the first link you see, teachers notice ... and you'll be happier.
